THIS CONTRACT is made between the CITY OF ALBANY, a municipal corporation, hereinafter called "City" and _____, hereinafter called "Contractor."

WITNESSETH:

Contractor, in consideration of the sums to be paid and other covenants herein contained, agrees to perform and complete the work herein described and to furnish all necessary machinery, tools, apparatus, equipment, supplies, materials, and labor and perform all work in accordance with the applicable *Standard Construction Specifications*, the Special Specifications (aka Specifications, Special Provisions) found herewith, and in accordance with such alterations or modifications of the same as may be made by the City, and according to such directions as may from time to time be made or given by the Project Manager under the authority and within the meaning and purpose of this Contract. This agreement shall be binding upon the heirs, executors, administrators, successors, and assigns of Contractor.

The applicable Drawings, the applicable *Standard Construction Specifications*, all sections of Special Provisions, and the Schedule of Contract Prices bound herewith are hereby specifically referred to and by reference made a part hereof and shall by such reference have the same force and effect as though all of the same were fully inserted herein.

Contractor must faithfully complete and perform all of the obligations of this Contract, and in particular, must promptly, as due, make payment of all just debts and obligations incurred in the performance of said Contract and must not permit any lien or claim to be filed or prosecuted against the City.

Contractor must furnish the City a 100% Performance Bond and a 100% Payment Bond. In addition to the required Payment Bond and Performance Bond, unless exempt under ORS 279C.836 (7), (8), or (9), Contractor is required to file a \$30,000 Public Works Bond with the Construction Contractor's Board to be used exclusively for unpaid wages determined to be due by BOLI. The general contractor is required to verify that subcontractors have filed a public works bond before permitting a subcontractor to start work on a project unless exempt under ORS 279C.836 (7), (8) or (9).

Contractor, its subcontractors, if any, and all employers working under this Contract are subject employers under the Oregon Workers' Compensation Law and must comply with ORS 656.017, which requires them to provide workers' compensation coverage for all their subject workers.

Contractor agrees to protect, indemnify, and hold harmless the City against any and all loss, claims, or suits (including costs and attorney's fees) for or on account of injury to or death of persons, damage to, or destruction of property belonging to either the City or others occurring by reason of the act or neglect of Contractor, Contractor's employees, or agents (including subcontractors) in connection with the performance of this Contract.

Contractor, its subcontractors, if any, must certify that during the term of this Contract, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any local, state, or federal department or agency.

Contractor must agree to abide by all applicable federal requirements for procurement, as defined in 2 CFR Part 200 and Appendix II to Part 200 – Contract Provisions for Non-Federal Entity Contracts under Federal Awards, if any federal funds are used for the Project.

It is expressly understood that this Contract must be governed by the laws of the State of Oregon. The statutes of the State of Oregon for public works contracts, specifically but not exclusively ORS Chapter 279 A-C as amended or superseded, including the latest additions and revisions, are incorporated by reference as part of the contract documents, and the party contracting with the City of Albany hereby

covenants and agrees to comply with all of the obligations and conditions applicable to public contracts pursuant to ORS 279 A-C, et seq, as though each obligation or condition were set forth fully herein. In addition, if the contract identified above calls for a public improvement as that term is defined by ORS 279A.010, the party contracting with the City of Albany further agrees to comply with all obligations and conditions applicable to public contracts for public improvements pursuant to ORS 279C, et seq, as though each obligation or condition were set forth fully herein. Contractor and its subcontractors, if any, agree to comply with the Oregon Consumer Information Protection Act, ORS Sections 646A.600 through 646A.628.

Contractor further declares by the signing of this Contract that all the provisions required by ORS 279C.800 through 279C.870 relating to the payment of prevailing wage rates for work performed under the Contract with the City of Albany must be complied with, and that daily/weekly/holiday/weekend overtime will be paid, unless the amount of the contract is \$50,000 or less, in which case the prevailing wage rate requirement shall not apply. If Contractor fails, neglects, or refuses to make prompt payment for labor or services, the City can pay and withhold these amounts from payments due Contractor (ORS 279C.515). Contractor must indemnify the City from claims of damages resulting from actual or alleged violations of these obligations.

As required by ORS 279C.520, Contractor must comply with ORS 652.220 and ORS 659A, and must not unlawfully discriminate against any of Contractor's employees in the payment of wages or other compensation for work of comparable character on the basis of an employee's membership in a protected class. Contractor's compliance with this section constitutes a material element of this Agreement and a failure to comply constitutes a breach that entitles the City to terminate this Agreement for cause. **Contracts valued at \$500,000 with employers that have 50 or more employees are required to take Pay Equity Training and submit a certificate as proof before being awarded a contract.** Contractor must certify it has taken the required Pay Equity Training and provide a certificate to the City.

Contractor understands that if the price of this Contract exceeds \$500,000, the City will deposit amounts withheld as retainage into an interest-bearing escrow account for the benefit of the City as outlined in ORS 279C.570(2), unless Contractor elects an alternative in lieu of cash retainage, such as bonds, securities or other instruments, or a deposit of a surety bond. Contractor must receive interest on the retained moneys from the date Contractor's related payment request is fully approved by the City until the date the retained moneys are paid by the City to Contractor. Payment of retainage is deemed to be "paid" when the payment is transmitted to Contractor.

In consideration of the faithful performance of all of the obligations herein set out, and in consideration of the faithful performance of this Contract, the City agrees to pay to Contractor the amount earned, as determined from the actual quantities of work performed and prices and other basis of payment specified, taking into consideration any amounts that may be deductible, under the terms of the Contract.

Contractor agrees to complete the work within the time specified herein and to accept as full payment hereunder the amounts computed as determined by the Contract Documents and based on the said proposal.

Said improvements must be completed by the date specified in said Contract Documents and if not so completed, unless said time for completion is extended, as provided in the Contract Documents, or if extended, if the same is not completed within the time extended, the City will be caused to incur liquidated damages as specified in the Contract Documents. Liquidated damages must be retained out of any monies due or to become due under this agreement.

Payments must be made as provided in the Contract Documents. Notwithstanding anything in this agreement to the contrary, the City's obligation to pay money beyond the current fiscal year shall be subject to and dependent upon appropriations being made from time to time by the City Council for such purpose; provided, however, that the city manager or other officer charged with the responsibility for preparing the City's biennial budget must include in the budget for each fiscal year the amount of the City financial obligation payable in such year and the city manager or such other officer must use his/her best efforts to obtain the annual appropriations required to authorize said payments.

The Parties acknowledge that the parties and their counsel have reviewed this Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting Party shall not be employed in the interpretation of this Agreement or any exhibits or amendments hereto.

Should suit or action be undertaken to enforce any of the terms of this agreement or to seek damages for its breach, the prevailing party shall be entitled to an award of its reasonable attorney fees, costs, and expenses, including expert witness fees, incurred therein, and such costs and fees as may be required on appeal, including those incurred on appeal. Jurisdiction for litigation must be vested exclusively in the courts of Oregon, Oregon law must apply, and venue must lie in the Circuit Courts in and for Linn County, Oregon.

The date this Agreement is signed by the last party to sign it (as indicated by the date associated with that party's signature) will be deemed the date of this Agreement. If a party signs but fails to date a signature the date that the other party receives the signing party's signature will be deemed to be the date that the signing party signed this Agreement and the other party may inscribe that date as the date associated with the signing party's signature.

IN WITNESS WHEREOF, the undersigned duly authorized officials have caused this contract to be executed on behalf of their respective parties.

Contractor must strip pool plaster below the tile line and around lane lines; remove, haul and dispose of debris; replace wall fittings fixtures, and drain covers; acid wash pool and apply bond coat for better bonding of new plaster; plaster pool in commercial grade standard white marble pool plaster.

Contractor will be responsible for disposal of removed plaster and materials in a sustainable manner and in accordance with environmental requirements and the EPA. Contractor must provide a dumpster for garbage or haul debris. Contractor will be responsible for all required permits.

Contractor, in consideration of the sums to be paid and other covenants herein contained, agrees to perform the work herein described and to furnish all necessary machinery, tools, apparatus, equipment, supplies, materials, labor, safety and protective equipment, floor protection, cleanup, and incidentals required to complete the work.

Construction must be in accordance with the current, June 2023, provisions of the *Standard Construction Specifications* and these Special Provisions.

I-2. SITE CONDITIONS

The site is a 50-meter, Olympic size community pool. See Appendix A for pool photo.

There may be other related construction projects occurring at the same location. Contractor may be required to coordinate access with other Contractors onsite.

I-3. OPTIONAL PREBID MEETING

Contractors wishing to more closely inspect the site must attend the Optional Prebid Meeting scheduled for Tuesday, February 13, 2024, 10:00 a.m. to 11:00 a.m., at 2150 36th Avenue SE, Albany. Contractors are encouraged to attend to observe the pool conditions and ask related project questions.

Regardless of attendance, Contractor acknowledges satisfaction as to the nature and location of the work. Failure to become acquainted with the physical conditions of the project will not relieve Contractor from the responsibility of properly estimating the difficulty or cost of successfully performing the work. Contractor warrants, as a result of examination and investigation of all data, the work can be performed in a good workmanlike manner to the satisfaction of the City.

I-4. STANDARD CONSTRUCTION SPECIFICATIONS

Each bidder must have access to a current set (June 2023) of City of Albany *Standard Construction Specifications*, which can be found on the City of Albany's website at <https://albanyoregon.gov/standard-construction-specifications> or a printed set may be purchased for \$100. Holder of hard copy *Standard Construction Specifications* will be required to purchase a new copy of specifications each time they are updated. All public improvements are required to conform to these specifications and bid prices must reflect these specifications.

I-5. AWARD OF CONTRACT

The Contract, if awarded, will be awarded to the lowest responsive, responsible bidder based on the lowest total bid amount, as determined by the City of Albany, and on the City's sole and absolute judgment to best serve its interest.

The City reserves the right to postpone the acceptance of the proposal and the award of the contract to a responsible bidder for a period not to exceed sixty (60) calendar days, or to reject any and all proposals received and further advertise the project for bids. The City may reject any bids not in compliance with all prescribed public contracting procedures and requirements, including the requirement to demonstrate the bidder's responsibility under ORS 279C.375(3)(b), and may reject for good cause any or all bids upon a finding of the City it is in the public interest to do so.

List of Subcontractors. Contractors are required to submit a list of subcontractors in accordance with ORS 279C.370. Contractors shall include opportunities for DBE Contractors. The State of Oregon maintains a certified DBE list at [COBID Certification Management System \(diversitysoftware.com\)](https://diversitysoftware.com). The City will submit a copy of this disclosure of first-tier subcontractors to the Bureau of Labor and Industries (BOLI) along with the completed BOLI form WH-81.

Failure to submit the list of subcontractors form by the disclosure deadline will result in a nonresponsive bid. A nonresponsive bid will not be considered for award. If no subcontractors need to be disclosed, this form must still be submitted indicating such.

Electronic Signature. Each Party agrees that electronic signatures, whether digital or encrypted, of the parties included in this Agreement, if any, are intended to authenticate this writing and to have the same force and effect as manual signatures. The term "electronic signature" means any electronic sound, symbol, or process attached to or logically associated with a contract or record and executed and adopted by a party with the intent to sign, authenticate or accept such contract or record. Any signature hereto or to any other certificate, agreement or document related to this transaction, and any contract formation or recordkeeping through electronic means will have the same legal validity and enforceability as a manually executed signature or use of a paper-based recordkeeping system to the fullest extent permitted by applicable law and may not be denied legal effect according to ORS 84.019.

Communicable Diseases. Contractor understands the risk to have contact with individuals, who have been exposed to and/or have been diagnosed with one or more communicable diseases, including but not limited to COVID-19 or other medical conditions, diseases, or maladies that exist, and it is impossible to eliminate the risk that Contractor could be exposed to and/or become infected through contact with or close proximity with an individual with a communicable disease. CONTRACTOR KNOWINGLY AND FREELY ASSUMES ALL SUCH RISKS, both known and unknown, EVEN IF ARISING FROM THE NEGLIGENCE OF THE RELEASEES OR OTHERS and assumes all full responsibility for Contractor's participation.

Conflict of Interest. Contractor will prohibit any employee, governing body, subcontractor, volunteer, or organization from participating in this contract if the person(s) or entity has an actual or potential conflict of interest with regards to the funding provided under this agreement. Contractor must disclose in a timely manner and in writing to the City all violations of federal criminal law involving fraud, bribery, or gratuity potentially affecting funds provided under the agreement. Neither contractor nor contractor's principals or governing body shall be involved in any current or pending litigation that will be construed as a conflict of interest in the City's sole discretion.

I-6. CONTRACT COMPLETION TIME AND LIQUIDATED DAMAGES

At Contractor's option, the City will issue the Notice to Proceed any time after both parties have executed the contract. The Contractor will be required to give the City approximately seven days advance notice of intent to begin construction. Once the Notice to Proceed is issued, Contractor must complete work during the annual maintenance shut down scheduled for August 26, 2024, through September 8, 2024.

Regardless of the actual construction start date, all work specified in the contract documents must be completed, in every respect, by **September 6, 2024, the ultimate completion date.**

Liquidated damages will be assessed against Contractor for each day over the maximum number of calendar days allotted plus each day beyond the stated ultimate completion date until the work is satisfactorily completed and accepted by the City. The schedule of liquidated damages is listed in the *Standard Construction Specifications, Section 108.06.00.*

I-7. PRECONSTRUCTION CONFERENCE

A preconstruction meeting will be required and will be held in person. The meeting will be scheduled to take place a minimum of one week prior to beginning of construction. Contractor must submit the following submittals at the preconstruction conference:

- Project Schedule
- Traffic Control Plan

I-8. PROJECT SCHEDULE

A detailed construction schedule of all work relating to this project must be submitted in advance by email to the Project Manager Rick Barnett, Parks & Facilities Maintenance Manager, rick.barnett@albanyoregon.gov for discussion at the preconstruction conference. The schedule must show how the Contractor plans to complete the project on or before the ultimate completion date. Contractor must take appropriate measures to expedite work items that are behind schedule, including the use of outside forces to complete the work, without additional compensation.

I-9. TEMPORARY TRAFFIC CONTROL

All temporary traffic control must be in accordance with the current edition of the *Manual on Uniform Traffic Control Devices (MUTCD)*; the *ODOT Short-Term Traffic Control Handbook*; *City of Albany Standard Construction Specifications, Section 202*; and as stated herein. Contractor must provide traffic control devices as may be required at locations where construction is of short-term duration (i.e., street intersections and access to private property), as well as traffic control devices that are expected to be in place for the duration of the project.

Construction operations must be conducted in a manner that will provide for uninterrupted movement of traffic on all public and private roadways within the construction area. At a minimum, Contractor must maintain one lane of traffic in each direction or provide flaggers to control alternating traffic through a single lane. Temporary ramps must be installed and maintained at intersections and driveways for the duration of the project. At no time shall the flow of traffic be stopped completely without the approval of the Project Manager. Approval for short-term, temporary closures or detours, if given, will be limited to a specific instance and will not be approved as standard practice.

Contractor must limit all construction traffic, including material delivery and spoil removal, to those streets where there are construction activities taking place. The City will immediately suspend work if Contractor does not limit construction traffic to approved streets. Work will be allowed to resume only after Contractor has submitted a construction traffic routing plan limiting construction traffic to approved streets. This plan will be reviewed and approved by the City prior to its implementation. Damage to streets resulting from unapproved construction traffic must be corrected by Contractor at no expense to the City.

Contractor must submit traffic control plans to the Project Manager for review one week prior to commencing construction. The traffic control plan must include a description of the traffic control devices, signing, and flaggers that are to be provided. Work must not begin until the City approves the traffic control plans. Following approval, the plan must be adhered to at all times.

On streets where parking is normally allowed, Contractor must furnish and place at least three “No Parking” signs on each side of each block of the street where parking is to be prohibited. The signs must be highly visible to motorists from all approaches to the area where parking will be restricted. The signs must be posted at least two full working days in advance of any construction activity and must state the date and times when parking will be prohibited.

Construction operations must not commence until all construction signing is in place. Construction signing required for the project must be furnished and maintained by the Contractor.

All public and private roadways and driveways within the project area must be fully open to local traffic at the end of each workday and at all times when no work is taking place. Contractor must maintain continuous access to commercial and industrial properties except during paving operations. Contractor must meet on-site with the manager of each business a minimum of 72 hours in advance of any work affecting access to their property and inform them of the measures taken to maintain access. The contractor must place and maintain “DRIVEWAY OPEN” signs at commercial driveways to guide customers and deliveries to the appropriate entrances during the work. The signs must be repositioned on a continuous basis as the progress of the work requires.

After working hours, construction equipment must be parked outside traveled portions of the roadways and must be isolated with construction fencing and lighted barricades.

In the event Contractor fails to provide and maintain proper barricades, signs, and other traffic control devices within one hour after notification by the Project Manager, the City may install the traffic control devices at Contractor’s expense. The City will deduct two times (200 percent) the City’s actual cost, which will include all labor, equipment, and materials involved, from any payments due or coming due to Contractor.

I-10. NOTIFICATIONS

Contractor must provide written notice to the front office of the following agencies, at least three working days in advance of beginning construction. The written notice must include the construction schedule and must explain the extent and duration of expected traffic disruptions. Agency contact information may be found in the table below.

SECTION II: STATE AND FEDERAL CONTRACTING LAW

II-1. PREVAILING WAGES

Contractor must comply with all of the provisions required by ORS 279C.800 through ORS 279C.870 relating to the payment of prevailing wage rates for work performed under the Contract with the City of Albany.

Each worker in each trade or occupation employed in the performance of this contract either by Contractor, subcontractor, or other person doing or contracting to do, or contracting for the whole or any part of the work on this contract, must be paid not less than the applicable state prevailing rate of wage, or the applicable federal prevailing rate of wage, whichever is higher.

Oregon law requires that the higher of the state prevailing wage rates (PWR) or federal Davis-Bacon rates be paid to workers on projects subject to both the state PWR law and federal Davis-Bacon Act.

PK-240208; Albany Community Pool Plaster Replacement, does not use federal funds and does not require Davis-Bacon rates. Only Oregon BOLI Prevailing Wage Rates apply to this project.

Each year the Oregon Bureau of Labor and Industries (BOLI) publishes rates and amendments that are available by calling 971-353-6822 or online at the BOLI website at:

<https://oregon.gov/boli/employers/Pages/prevailing-wage-rates.aspx>

The publication that applies to this contract is the **January 5, 2024, Prevailing Wage Rates for Public Works Contracts in Oregon.**

Daily/weekly/holiday/weekend overtime must be paid. If a contractor fails to pay for any labor or services, the City can pay for this labor or services and withhold these amounts from payments due Contractor. ORS 279C.520; OAR 839-025-0020(2)(b).

Contractors and subcontractors are required to prepare weekly certified payroll reports and statements and submit them to the City by the fifth business day of each month (ORS 279C.845; OAR 839-025-0010). Contractor payment will be withheld until the City is in receipt of these certified weekly payroll reports. Information submitted on certified statements may be used only to ensure compliance with the provisions of ORS 279C.800 through ORS 279C.870.

II-2. PERFORMANCE, PAYMENT, AND PUBLIC WORKS BONDS

In addition to the required payment bond and performance bond, unless exempt under ORS 279C.836 (7), (8), or (9), the contractor is required to file a \$30,000 Public Works Bond with the Construction Contractor's Board to be used exclusively for unpaid wages determined to be due by BOLI. The general contractor is required to verify that subcontractors, unless exempt, have filed a public works bond before permitting a subcontractor to start work on a project.

The Statutory Public Works Bond form is available from BOLI upon request or may be downloaded from <https://www.oregon.gov/boli/employers/Documents/public-works-bond.doc>.

II-3. RECIPROCAL PREFERENCE LAW

Oregon's reciprocal preference law, ORS 279A.120 and ORS 279A.125, requires public contracting agencies, in determining the lowest responsible bidder, to add a percent increase to each out-of-state bidder's bid price that is equal to the percent of preference given to local bidders in the bidder's home state. That is, if the low bidder is from a state that grants a 10 percent preference to

its own in-state bidders, the Oregon agency must add 10 percent to that bidder's price when evaluating the bid.

For details, check Oregon's Reciprocal Preference Law website at:

<https://naspo.org/reciprocity1>

Bidders in need of any assistance in the application of this law should call the State Procurement Office at 503-378-4642 or contact them at State of Oregon Department of Administrative Services, State Procurement Office, 1225 Ferry Street SE, U-140, Salem, OR 97301-4285.

II-4. AFFIRMATIVE ACTION/NONDISCRIMINATION

By submitting a bid, the Bidder agrees to comply with the Fair Labor Standards Act (FLSA); Title VII of the Civil Rights Act of 1964; Executive Order 11246, (as amended); Fair Employment Practices; Equal Employment Opportunity Act; Section 503 of the Rehabilitation Act of 1973, as amended; Vietnam Era Veterans' Readjustment Assistance Act of 1974; Americans with Disabilities Act; Age Discrimination in Employment Act of 1967 (ADEA); and Oregon Revised Statutes (ORS). By submitting a bid, the Bidder specifically certifies, under penalty of perjury, that the Bidder has not discriminated against minority, women, or emerging small business enterprises in obtaining any required subcontracts.

If the contract is awarded on the basis of Contractor's certification as a Disadvantaged Business Enterprise (DBE), Minority/Women Business Enterprise (MWBE), Service-disabled Veteran, and Emerging Small Business (ESB) certification, Contractor must remain certified during the entire term of the contract. Contractors must include a similar provision in any subcontracts for the project.

II-5. PAY EQUITY COMPLIANCE AND TRAINING CERTIFICATION

Pay Equity Compliance. As required by ORS 279C.520, Contractor must comply with ORS 652.220 and ORS 659A, and must not unlawfully discriminate against any of Contractor's employees in the payment of wages or other compensation for work of comparable character on the basis of an employee's membership in a protected class. Contractor's compliance with this section constitutes a material element of this Agreement and a failure to comply constitutes a breach that entitles the City to terminate this Agreement for cause. Contracts valued at \$500,000 with employers that have 50 or more employees are required to take Pay Equity Training and submit a certificate as proof before awarded a contract. Contractor must certify they have taken the required Pay Equity Training and provide a certificate to the City.

Free training is available through the state of Oregon's Department of Administrative Services. Details are available at <https://oregon.gov/das/procurement/pages/payequity.aspx>.

II-6. LICENSE REQUIRED FOR ASBESTOS ABATEMENT PROJECT

1. Salvaging or recycling construction and demolition debris, if feasible and cost-effective.
2. Composting or mulching yard waste material at an approved site, if feasible and cost-effective.

II-8. PROVISIONS CONCERNING ENVIRONMENTAL AND NATURAL RESOURCES LAWS

Contractor is responsible to abide by ORS 279C.525 regarding enacted ordinances, rules, or regulations as set forth by the Albany Municipal Code, Oregon Department of Environmental Quality, Department of State Lands, Environmental Protection Agency, and/or the US Army Corps of Engineers, or any other federal, state, or local agency, regarding the prevention of environmental pollution and preservation of natural resources.

II-9. PAYMENT, CONTRIBUTIONS, LIENS, WITHHOLDING – ORS 279C.505

Contractor shall:

1. Make payment promptly, as due, to all persons supplying to Contractor labor or material for the performance of the work provided for in this contract.
2. Pay all contributions or amounts due the Industrial Accident Fund from Contractor or subcontractor incurred in the performance of the contract.
3. Not permit any lien or claim to be filed or prosecuted against the City on account of any labor or material furnished.
4. Pay to the Department of Revenue all sums withheld from employees under ORS 316.167.

II-10. PAYMENT OF CLAIMS BY PUBLIC OFFICERS, PAYMENT TO PERSONS FURNISHING LABOR OR MATERIALS, AND COMPLAINTS – ORS 279C.515; OAR 839-025-0020(2)(a)

1. If Contractor fails, neglects, or refuses to pay promptly a person's claim for labor or services that the person provides to Contractor or a subcontractor in connection with this contract as the claim becomes due, the City may pay the amount of the claim to the person that provides the labor or services and charge the amount of the payment against funds due or to become due Contractor by reason of this contract.
2. If Contractor or a first-tier subcontractor fails, neglects, or refuses to pay a person that provides labor or materials in connection with this contract within 30 days after receiving payment from the City or Contractor, Contractor or first-tier subcontractor owes the person the amount due plus interest charges that begin at the end of the 10-day period within which payment is due under ORS 279C.580 (4) and that end upon final payment, unless payment is subject to a good faith dispute as defined in ORS 279C.580. The rate of interest on the amount due is nine percent per annum. The amount of interest may not be waived.
3. If Contractor or a subcontractor fails, neglects, or refuses to pay a person that provides labor or materials in connection with the public improvement contract, the person may file a complaint with the Construction Contractors Board, unless payment is subject to a good faith dispute as defined in ORS 279C.580.

II-11. CONTRACTOR'S RELATIONS WITH SUBCONTRACTORS – ORS 279C.580(3)(4)

Contractor is required to include in each subcontract for property or services contractor enters into with a first-tier subcontractor, including a material supplier, for the purpose of performing a construction contract:

1. A payment clause that obligates Contractor to pay the first-tier subcontractor for satisfactory performance under the subcontract within 10 days out of amounts the City pays to Contractor under this contract.

2. A clause that requires Contractor to provide a first-tier subcontractor with a standard form the first-tier subcontractor may use as an application for payment or as another method by which the subcontractor may claim a payment due from Contractor.
3. A clause that requires Contractor, except as otherwise provided in this paragraph, to use the same form and regular administrative procedures for processing payments during the entire term of the subcontract. Contractor may change the form or the regular administrative procedures Contractor uses for processing payments if Contractor:
 - a. Notifies the subcontractor in writing at least 45 days before the date on which Contractor makes the change; and
 - b. Includes with the written notice, a copy of the new or changed form or a description of the new or changed procedure.
4. An interest penalty clause obligating Contractor, if Contractor does not pay the first-tier subcontractor within 30 days after receiving payment from the City, to pay the first-tier subcontractor an interest penalty on amounts due in each payment Contractor does not make in accordance with the payment clause included in the subcontract under paragraph (1.) above. Contractor or first-tier subcontractor is not obligated to pay an interest penalty if the only reason Contractor or first-tier subcontractor did not make payment when payment was due is that Contractor or first-tier subcontractor did not receive payment from the City or Contractor when payment was due. The interest penalty applies to the period that begins on the day after the required payment date and that ends on the date on which the amount due is paid and is computed at the rate specified in ORS 279C.515(2).
5. A clause must be included in each of Contractor's subcontracts requiring the first-tier subcontractor to include a payment clause and an interest penalty clause that conforms to the standards of this sub-section, paragraphs 1-4 above, in each of the first-tier subcontractor's subcontracts and to require each of the first-tier subcontractor's subcontractors to include such clauses in the first-tier subcontractor's subcontracts with each lower-tier subcontractor or supplier.
6. A mandate that all subcontractors, if they were awarded a subcontract on the basis of certification as a disadvantaged, minority-owned, women-owned, or emerging small business enterprise, to maintain certification through the term of the contract.

II-12. CONDITION CONCERNING HOURS OF LABOR – ORS 279C.520

Any worker employed by Contractor may not be employed for more than 10 hours in any one day, or 40 hours in any one week, except in cases of necessity, emergency, or when the public policy absolutely requires it, the employee must be paid at least time and a half pay as follows:

1. For all overtime in excess of eight hours in any one day or 40 hours in any one week when the work week is five consecutive days, Monday through Friday; or for all overtime in excess of 10 hours in any one day or 40 hours in any one week when the work week is four consecutive days, Monday through Friday; and
2. For all work performed on Saturday and on any legal holiday specified in ORS 279C.540.

Contractor must give notice in writing to employees, who work on a public contract, either at the time of hire or before commencement of work on the contract, or by posting a notice in a location frequented by employees, of the number of hours per day and days per week the employees may be required to work.

Contractor must comply with the prohibition set forth in ORS 652.220, that compliance is a material element of the contract and a failure to comply is a breach entitling the contracting agency to terminate the contract for cause.

Contractor may not prohibit any of its employees from discussing the employee's rate of wage, salary, benefits, or other compensation with another employee or another person and may not retaliate against an employee who discusses the employee's rate of wage, salary, benefits, or other compensation with another employee or person.

II-13. TIME LIMITATION ON CLAIM FOR OVERTIME – ORS 279C.545

Any worker employed by Contractor shall be foreclosed from the right to collect for any overtime provided in ORS 279C.540 unless a claim for payment is filed with Contractor within 90 days from the completion of the contract, providing Contractor has:
