

RESOLUTION NO. 330

BE IT RESOLVED that the interest on the assessments on Part of Lots 34, Block 246, as described in Lien Docket 4, page 51, assessed to Harold Fisher as shown on docket pages 100 and 101 be foregiven and held for naught upon the payment of the assessment therein described.

The purpose of this resolution is that the City of Albany has been involved in litigation involving the said improvements therein described by reason of an error in vacation proceedings, on that portion of Maple Street lying between the South line of Nineteenth Avenue and the North Line of Highway 99-E and that the litigation has now been terminated, the city being successful therein.

It is further provided that interest shall commence on said lien as of the 8th day of August, 1955, if the lien is not sooner paid.

Adopted by the Council July 27, 1955
