Attention: Mr. James Rankin
Civil Engineer

Gentlemen:

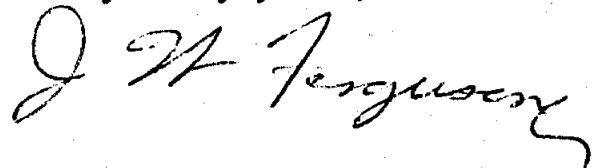

Please refer to your letter of August 9, 1977 and previous correspondence concerning proposed installation of a 48" storm drain pipe beneath our property near our station known as Page, MP 691.76.

Attached find duplicate counterparts of an indenture covering the above proposed installation for execution on behalf of the Mayor and Clerk of the City of Albany.

If satisfactory, will you please arrange for execution of this indenture dating both counterparts in spaces provided on Page 1, retaining the original counterpart for City's records and returning the duplicate counterpart for our files.

If installation is to be let to a contractor, will you please furnish name and address so we may enter into a contractor's right of entry agreement with him.

Very truly yours,

Attach.
