A RESOLUTION OF THE ALBANY CITY COUNCIL, ACTING AS THE CONTRACT REVIEW BOARD, WAIVING COMPETITIVE BIDDING AND AWARDED A SOLE SOURCE CONTRACT TO US FILTER, DBA ENVIREX.

WHEREAS, the Albany City Council serves as the City's Contract Review Board; and

WHEREAS, the Contract Review Board may award a contract without competitive bidding when the contractor is the sole source of the goods and services required.

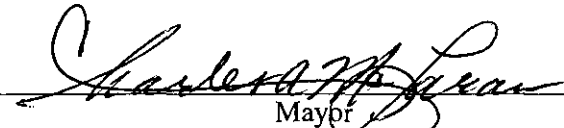

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

SECTION 1. The City of Albany City Council, acting as the Contract Review Board, adopts the following findings:

1. The design of the treatment plant expansion is based on use of specific technology and equipment. Similar technology and equipment are not available from another manufacturer because it is a patented process with guaranteed performance; and
2. These processes include vertical loop reactors (VLRs), an extended aeration biological treatment process, and a solids reduction process known as the Cannibal process; and
3. The equipment purchase package also includes secondary clarifier equipment. The use of major components of the VLRs, Cannibal process, and secondary clarifiers are integral to a process performance warranty offered by US Filter; and
4. The City Council authorized staff to enter into negotiations to purchase this equipment under sole source requirements at the April 10, 2006, City Council Work Session; and
5. This proposed sole source purchase was advertised on April 14, 2006, as required by Oregon Revised Statutes (ORS) 279B.075; and
6. No comments or protests were received by April 29, 2006, the conclusion of the public notice advertisement period per Oregon Administrative Rules (OAR) 137-047-0275; and
7. Purchase of this equipment is a planned expenditure as part of the Wastewater Treatment Plant Expansion; and
8. The facts set forth in the accompanying memorandum from Mark Yeager and Chip Ullstad, dated June 22, 2006, are incorporated herein as additional findings.

SECTION 2. The City Manager is authorized to award a contract to US Filter, dba Envirex, as the sole source provider for specific wastewater treatment equipment.

DATED AND EFFECTIVE THIS 26TH DAY OF JUNE 2006.
