

PAYING, ADJUDICATING

Ord 729

An ordinance to ascertain and determine the probable cost of certain improvements which the council of the City of Albany, Oregon, has determined in its resolution, adopted by said council on the 20th day of February, 1914, to make on Ninth Street, from the East line of Elm Street to the West curb line of Montgomery Street, a certain, various, determine and to cause the probable cost of such improvement of said Ninth Street that is assessed upon each lot or part thereof, adjacent to said part of Ninth Street to be so improved; to direct the Recorder of said city to enter a statement of such assessment in the books of City Liens as provided by the Charter of said City.

Whereas, on the 11th day of February, 1914, the council of the city of Albany, Oregon, has adopted a resolution requiring the City Engineer of said city to make plans and specifications for the improvement of said Ninth Street from the East line of Elm Street to the West curb line of Montgomery Street, in the following manner to-wit:

- First: 10 ft widening said street to the present grade.
- Second: Paving the roadway of said street in 14 ft wide with asphalt concrete or bitulithis or El-Coc Asphaltic Concrete pavement or asphalt concrete pavement.
- Third: By paving and constructing asphalt bitulithis or El-Coc Asphaltic Concrete or asphalt concrete pavement.
- Fourth: To construct sidewalks on said street.
- Fifth: 10 ft widening of said street.
- Sixth: To construct and install sewer pipes and manholes and fixtures, the work to be done on the said portion of said street and the probable cost thereof, in accordance with the plans, specifications, estimates and other data which is filed in the records of the city of Albany, Oregon, in connection with the resolution of the council of said city, and to cause the same to be so recorded.

Whereas, the City Engineer of said City of Albany, Oregon, in compliance with said resolution, has made plans, specifications and estimates as directed by said resolution for the improvement of said Ninth Street in the manner specified in said Resolution of said council and said plans, specifications and estimates have been recorded in the records of said city on the 20th day of February, 1914, and

Whereas, the said council on the 20th day of February, 1914, has adopted a resolution requiring the City Engineer of said city to ascertain and determine the probable cost of such improvements of said Ninth Street that is assessed upon each lot or part thereof, adjacent to said part of Ninth Street to be so improved;

Ordinance About, Oregon

council determined and resolved that it deemed it expedient and that said council resolved to improve said street from the East line of Olive Street to the West curb line of Montgomery Street in the manner provided in said Resolution No. 5, and

Whereas, in and by said resolution, it is adopted as aforesaid by the council, the Recorder of said city was duly ordered and directed by said council to give notice of said proposed improvement to said street from the East line of Olive Street to the West curb line of Montgomery Street as provided by the Charter of said City of Albany, and

Whereas, the Recorder, in pursuance of said order and direction of the council of said City of Albany did duly give notice of said proposed improvement to said street in the manner provided by the Charter of said city, and

Whereas, the said council in and by said resolution, it is ascertained and determined the best possible cost of improvement of said street to be said by the owners of the real property adjacent to said street and said street to be in heretofore mentioned in said Resolution No. 5, if Asphaltic Concrete Pavement to be the sum of \$15,302.89.

Therefore,

The People of the City of Albany do Decline to pass

Section 1. That from the East line of Olive Street to the West curb line of Montgomery Street shall be improved as follows:

- First: By grading said street to the proper sub grade.
- Second: By paving the roadway of said street with asphaltic concrete pavement.
- Third: By laying and constructing Asphaltic Concrete curbs.
- Fourth: By constructing gutters.
- Fifth: By constructing inlets.
- Sixth: By laying vitrolized sewer pipe.

All in accordance with said Resolution No. 5 and the plans and specifications for said improvement filed by the City Engineer with the Recorder of said City of Albany on the 20th day of February, 1904.

Section 2. That the probable cost of making said improvement of said 1/2 mile Street... the East line of Block 62 to be the West line of... the... in the... as... the... determined by the Council of the said City of Albany... Albany... by said... resolution... Albany... to said portion of said... the... to be... to the sum of \$15,000.00
