"Shall City of Albany levy ~~\$.58~~ 58 cents per \$1,000 ~~of assessed value~~ valuation for Parks and Recreation operations for three years beginning 1993-94?"

~~This measure would establish a three year tax rate serial levy to maintain and improve parks and recreation services within the city of Albany. It is estimated that a levy of \$.58 per \$1,000 of assessed value would provide \$524,100 in 1993-94, \$555,000 in 1994-95, and \$588,900 in 1995-96. This levy is within the \$10 Ballot Measure 5 property tax limit and will not raise property taxes above the \$10 limit. This levy will replace the existing parks and recreation three-year serial levy which expires June 30, 1993. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the County Assessor at the time of estimate.~~

~~The following services will be provided annually by this levy; Swanson Pool operation, \$22,300; Albany Senior Center programs, \$55,000; teen programs, \$30,500; neighborhood park maintenance and turf care, \$217,000; park renovation and capital improvements, \$18,800; recreation programs, \$12,600; Albany Community Pool operation, \$87,700; youth programs at the Boys' and Girls' Club, \$50,000; therapeutic programs at the YMCA, \$30,000.~~

This levy replaces the existing parks and recreation serial levy which expires June 30, 1993. This levy is a three-year tax rate levy to continue parks and recreation services within the city of Albany. This levy will not raise property taxes above the \$10 Ballot Measure 5 property tax limit. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the County Assessor at the time of estimate. Approval of this levy would reduce the property tax collections of other nonschool district units of local government available under the provisions of Section 11b, Article XI, Oregon Constitution and implementing legislation.
