

RESOLUTION NO. 164

WHEREAS, the council had the option of purchasing a Wayne motor sweeper from Feenaughty Machinery Co. in a contract of leasing which had been heretofore entered into with them under date of June 27, 1949; that such purchase will make a savings in interest and it was not until the new budget year passed that there was sufficient funds available for taking up the optional purchase,

NOW, THEREFORE, it has been resolved by an affirmative vote of the council that the purchase option be taken advantage of and that the rentals be applied to the purchase price and the interest that has accrued up to this date, and that the Recorder draw his warrant against the item of Flushing and Cleaning in the Street Department fund for the amount of the unpaid balance.

Councilman

Adopted by council July 12, 1950.
