

RESOLUTION NO. 1572

WHEREAS, the Albany Safety Council has met to discuss the designation of speeds on the City's new arterial streets and recommends to the City Council that the City recommend to the State Control Board a 35 mile per hour speed zone on Geary from Pacific Boulevard to Grand Prairie Road and a 25 mile per hour designation from Grand Prairie Road to 34th Avenue because of the lack of pedestrian walkways and the absence of any street lighting,

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the City of Albany that it recommend to the State Control Board a 35 mile per hour speed zone on Geary from Pacific Boulevard to Grand Prairie Road and a 25 mile per hour designation from Grand Prairie Road to 34th Avenue.

DATED this 13th day of February, 1974.
