Site Plan Review Residential Accessory Building

Checklist and Review Criteria

INFORMATION AND INSTRUCTIONS:

- See fee schedule for filing fee (subject to change every July 1); staff will contact you for payment after submittal.
- All plans and drawings must be to scale, and review criteria responses should be provided as specified in this checklist.
- Email all materials to cd.customerservice@cityofalbany.net. Please call 541-917-7550 if you need assistance.
- > Depending on the complexity of the project, paper copies of the application may be required.
- ➤ Before submitting your application, please check the following list to verify you are not missing essential information. An incomplete application will delay the review process.

SITE PLAN REVIEW SUBMITTAL CHECKLIST

וכ	TE LEAN REVIEW SODIVITTAL CHECKLIST
	PLANNING APPLICATION FORM WITH AUTHORIZING SIGNATURES.
	SUPPLEMENTAL APPLICATION INFORMATION. (see below)
	REVIEW CRITERIA AND DEVELOPMENT STANDARDS.
	HILLSIDE DEVELOPMENT. Refer to ADC 6.170-6.235 to determine if Hillside Development standards apply to this property.
	SITE PLAN.
	ELEVATION DRAWINGS.
	FLOOR PLAN DRAWINGS.
	COMPATIBILITY WORKSHEET. Attach a copy of the Residential Accessory Structure Compatibility Worksheet you filled out before making this application.

Note: Some properties may have covenants or restrictions, which are private contracts between neighboring landowners. These frequently relate to density, minimum setbacks, or size and heights of structures. While these covenants and restrictions do not constitute a criterion for a City land use decision, they may raise a significant issue with regard to the City's land use criteria. It is the responsibility of the applicant to investigate private covenants or restrictions.

Site Plan Review – Residential Accessory Buildings Page 2 of 4 SUPPLEMENTAL APPLICATION INFORMATION Does the site contain any existing structures, private wells, septic tanks, drain fields? If yes, describe and indicate which will remain: Square footage of the property on which the accessory building would be located: Square footage of the footprint of each existing building on the site: Building 1:______ Building 2: ______ Building 3:______ Building 4:_____ Square footage of the footprint of the proposed accessory building: Number and surface type of all existing driveways used by the property: (include these on the site plan) Do you intend to widen an existing driveway or add a new driveway to serve the accessory building? Yes____ No____ (If yes, include proposed location, width, and surface material on the site plan.): Overall height of the proposed accessory building: Wall height of the proposed accessory building: Identify the type <u>and</u> uses of properties next to, and across the street (if applicable) from, the subject property: North: South: _____ West: _____ To assess whether the City will need additional information and/or whether you must obtain additional permits or applications from other agencies or departments, please answer the following questions. Will the development: Yes ____ No ___ a. Require removal or demolition of any existing structure(s)? Affect historic structures or historically significant features? Ves No

υ.	Affect installe structures of installeany significant features?	168	
c.	Be located within a 100-year floodplain?	Yes	No
d.	Be located within the designated Willamette Greenway?		No
e.	Affect an identified wetland?	Yes	No
f.	Require a Major or Minor Variance from a development standard?	Yes	No
g.	Involve fill or removal of contaminated soils or hazardous material?	Yes	No
h.	Involve grading/fill: within the 100-year floodplain or a watercourse, as shown on the City's Drainage Master Plan; over an existing public storm drain, sanitary sewer, or waterline; or more than 50 cubic yards in areas that have an average slope of 12 percent or greater?	Yes	_ No
i.	Involve land that has a current average slope of 12 percent to 25 percent?	Yes	No
j.	Involve removal of vegetation or trees (diameter of eight inches or larger)?	Yes	No
k.	Be within the Airport Approach District?	Yes	No
1.	Involve access onto an Oregon State Highway?	Yes	No
m.	Generate 50 or more AM or PM peak hour vehicle trips?	Yes	No

	(Note: In some cases, fewer than 50 peak hour trips can create a need for a traffic analysis.)								
	n.	Create noise or emissions outside the building?	Yes	_ No					
	о.	Create air, steam, or odors emitted from the building?	Yes	_ No					
If y	ou	answered YES to any of the above, contact the Planning Division before submi-	tting your a	pplication.					
FIF	RE [DEPARTMENT SUPPLEMENTARY QUESTIONNAIRE							
	1.	Will you STORE hazardous materials in the building?		_No					
	2.	Do you USE hazardous materials on your property?	Yes	No					
	3.	Do you GENERATE hazardous materials or hazardous waste on site?	Yes	No					
	4.	Are you currently reporting hazardous substances to the State Fire Marshal's Office?	Yes	_No					
solv	NOTE: Hazardous materials are materials that pose a potential threat to fire and life safety. Examples include paints, solvents, compressed gases, pesticides, poisons, gasoline, propane, and laboratory chemicals. Please call the Albany Fire Marshal if you have questions about this section. 541-917-7700.								
The	SITE PLAN REQUIREMENTS The site plan is a scale drawing of the subject property as it is today and shows exactly where the proposed accessory building would be placed and any changes that would occur on the property if it were constructed.								
At:	a m	inimum, the site plan drawing must include:							
	Ex	isting address, if any, of the subject property, or assessor map and tax lot identification	numbers.						
	Na	mes and addresses of the property owner(s).							
	Da	te map was drawn.							
	No	orth arrow.							
	Scale of map. (Use 1 inch = 10 or 20 feet, or as otherwise pre-approved by Planning staff.) The map must be clear and readable.								
	To	tal land area of the entire site.							
	Lal	bel and show the lengths of all existing property lines of the property.							
	Label and show the locations of all existing and proposed driveways and parking areas. Indicate the surface material of each.								
	Label and show the locations of all existing and proposed structures, wells, septic tanks, and drain fields, and distances between them and the existing property lines and each other (these are called setbacks). Indicate whether or not any are to be demolished or decommissioned.								
	Label and show the locations of all public improvements to be constructed as part of the development of the site (e.g., streets, sidewalks, and utilities).								
	Label and show the locations and sizes of all <i>existing</i> and <i>proposed</i> public sewer and water mains and private service lines from the main to the site; culverts, ditches, and drainpipes, including those on site and within adjacent rights-of-way. Include invert elevations of sewer lines.								
	Label and show the locations, widths, and names of all existing or platted adjacent public streets, alleys, sidewalks, planter strips, curbs, and other public rights-of-way or uses.								
	Label and show the locations, widths, names, approximate radii or curves, and the relationship of all streets to any proposed streets shown on any plan approved by the City or proposed with this application.								
		bel and show the locations, widths, ownership, and purpose of all existing and preements located on the property.	pposed public	and private					
		isting and proposed on-site drainage systems, including pipe sizes and elevations operty lines	at collection	n points and

OTHER DRAWINGS TO ACCOMPANY THE APPLICATION

Elevation and floor plan of the proposed accessory building. Identify on the plans: overall building and wall heights, construction materials, and paint colors to be used (may attach paint chips). On the floor plan, label the proposed use(s) of each room.

SITE PLAN REVIEW - RESIDENTIAL ACCESSORY BUILDING PURPOSE AND PROCEDURE

Site Plan Review is intended to promote functional, safe, and attractive developments that maximize compatibility with surrounding developments and uses and with the natural environment. It mitigates potential land use conflicts through specific conditions attached by the review body.

A Site Plan Review application for a residential accessory building is processed under the Type I-L procedure of the Development Code. The Community Development Director (staff) acts as review body. The City will send out a notice of filing of this proposed development to those on the list, and to any recognized neighborhood association in which the subject property is located, as well as any other recognized neighborhood association that is located within 100 feet of the subject property. Those notified have 14 days to submit written comments about the proposal to the Planning Division for its consideration in preparing the decision on the application.

Oregon statutes require that land use decisions be made within 120 days from the date the application is deemed complete. However, unless the project is complex, or a large number of applications have been submitted for review ahead of your project, a decision may be issued within a shorter time.

Appeals may be made to the Planning Commission if a person with standing files a notice to appeal in accordance with ADC 1.410 with the associated filing fee no later than **10 days** from the date the City mails the notice of decision. The decision becomes final when the period for filing a local appeal has expired.
